Lucknow, Uttarpradesh, India

Summary

Game Developer with 4+ years of experience crafting immersive games and XR experiences. Passionate about building scalable, high-quality interactive systems that merge creativity with real-time technology.

Work Experience

Game Developer / Software Engineer

Tata Consultancy Services, Chennai | Aug 2022 – Present

- Designed and implemented scalable Unity architectures and custom tools, reducing development time by 30% and improving reusability across all projects.
- Developed immersive 3D games, AR, VR and MR experiences using Unity, C#, and OpenXR, integrating real-time physics, gameplay logic, and interaction systems.
- Applied **OOP principles, design patterns, and clean coding practices** to create efficient, modular, and reusable gameplay systems across multiple projects.
- Created optimized 3D environments, shaders, and interactive systems for **VR (Meta Quest)** and **MR platforms (HoloLens)**, ensuring smooth performance and visual fidelity.
- Collaborated with cross-functional teams to design, prototype, and refine core mechanics, balancing performance and player experience.

Unity Developer- Internship

FanClash11 Pvt. Ltd., Madhya Pradesh | Mar 2021 – Mar 2022

- Developed 2D and 3D Unity games from prototype to release, gaining hands-on experience in gameplay programming, level design, and UI systems.
- Built core mechanics and UI systems, streamlining development and enhancing player engagement.
- Optimized performance and asset workflows, reducing build sizes and load times across platforms.
- Collaborated with design and art teams to deliver polished, client-ready games, strengthening the studio's portfolio.

Skills

Core Skills

- **Game Engines:** Unity (Primary), Unreal Engine (Familiar), NVIDIA Omniverse(Familiar)
- **Programming Languages:** C#, C++
- **Other Skills:** Multiplayer (Netcode, Photon), Version Control (Git, Plastic SCM), Shader Development, 3D Asset Integration, OOPS
- **Soft Skills:** Cross-functional Collaboration, Rapid Prototyping, Problem Solving, Agile Development, Coding design patterns

Education

Bachelor of Science in Game Design and Development

ICAT Design and Media College, Bangalore

Graduated: 2022
